

Youth Group Check In!

Our middle school and high schoolers have been busy this past season. Usually our middle school youth gather in the afternoons downstairs at church. We play games, have Bible study, and run around the church. For Bible study we have talked about discipleship, prayer, and God's presence in their lives. They participate by reading and doing different prayer activities like our prayer boards. These young people are bright and curious in their faith. Our high school youth like to gather at Panera Bread or Starbucks for fellowship. You'll usually see them in worship taking notes on their phones. They are currently getting excited about our Montreat Youth Conference which will be in June. Our high schoolers are firm in their faith and really enjoy being together.

Keep all these youth in your prayers as they end another school year!
